PROSPECT PLEAS

Listened with a great deal of in-
terest to a radio talk by Dr. Town-
send on Sunday.

The founder of the movement had
some good things to say to the 12-
000 delegates assembled in conven-
tion in Chicago and listened to by
groups of his ardent followers, and
others, all over the nation.

While not in a position to pass
judgment on the soundness of his
plan and its workability there can
be no question as to the sincerity
of the man. He has an idea, and if
it could be put into practice, would
doubtless effect an entire change in
our economic system.

It is also an inspiring idea and I
can readily apprehend why it car-
ries such a strong appeal to mil-
lions of people. An impoverished
old age is not pleasant to con-
template, but a vision of one's de-
clining years being free from financial
worry with the horn of plenty pour-
ing out an abundance of the material
things, is far from unpleasant.

For the past three years we have
been trying all kinds of experiments
in governmental policies, and al-
though they have been costly, they
can hardly be said to have been
very successful.

It is very soothing to be told that
things are rapidly becoming normal
and unemployment is decreasing,
but facts fail to sustain the state-
ment. These rosy word pictures
are on a par with Jim Farley's al-
leged surplus, or profit, in the post-
office department. It just ain't. It
is all very fine to take thousands of
people off the dole and give them
jobs on public works and then say
unemployment has been reduced by
that number of thousands, when
we all know that until industry ab-
sorbs the idle the problem is still
with us and the bill must be footed
out of the public treasury.

But as long as we persist in ex-
perimentation I fail to see how it
would be much more costly to try
the Townsend plan with some of
the billions that are being passed
out with such a lavish hand.

For aught we know the good Dr.
Townsend may be smarter than our
economists, who have made such a
fizzle of things. I hope he has the
pauca, for before many more sum-
mers and autumns, I can qualify
under his project. The prospect, I
confess is rather pleasing. More
power to you, doctor.

Steel Shield Bought For Use Sheriff's Men

MARTINEZ, Oct. 28.—Sheriff John
A. Miller today announced the ac-
quisition of a steel police shield for
use of his officers.

The shield, about six feet, six
inches in height, provides protec-
tion for officers who may be called
upon to approach criminals in build-
ings.

It is so constructed an officer is
protected thoroughly, the steel be-
ing of sufficient strength to turn
a revolver and machine gun bul-
lets.

It is designed particularly to al-
low approach to a building to throw
gas grenades to force criminals into
the open.

It is semi-circular in shape and
is carried by a hand grip and a
shoulder suspension apparatus.

Bailey Funeral Held On Monday

Last rites were held yesterday un-
der the direction of the Ryan Fu-
neral Home for the late Frank

Death Of Man At S. O. Plant Held Accidental

A coroner's jury here last evening
investigated the deaths of two per-
sons.

In the case of Tom Perry, of
Palo Alto found dead along the
Santa Fe right of way Saturday
morning, the jury returned a ver-
dict of "death from a fractured
skull and laceration of the brain
when struck by some train belong-
ing to the Santa Fe in some manner
unknown to us."

A verdict of accidental death was
returned in the case of Eugene Ru-
benstein, of Oakland, who was killed
at the local Standard Oil plant
last week when a building he was
wrecking collapsed. The jury's ver-
dict read: "Death from a fractured
skull caused by being struck by
brick and steel from a falling build-
ing upon which he was working for
K. Rubenstein & Sons."

Grand Jury Will Get Findings On Tear Gas Bomb

MARTINEZ, Oct. 28.—Declaring
he had traced a tear gas bomb
found in the Rancho San Pablo raid
of October 17 as one sold by the San
Francisco office of the Lake Erie
Chemical company to the California
& Hawaiian Sugar corporation,
District Attorney Francis P. Healey
announced this afternoon he will
present his findings to the grand
jury when it meets here, probably
Friday night, to consider the as-
serted discovery at the rancho of a
roulette wheel and a slot machine
seized in previous gambling raids
and ordered destroyed by courts.

The district attorney said he will
endeavor to learn how the tear gas
bomb reached the resort.

Healey was advised by Ignatius
MacCarthy, San Francisco repre-
sentative of the Lake Erie Chem-
ical company, that the bomb, num-
bered 9583, was delivered to the
sugar company on June 16, 1933.

It was a one-half pint, can type
bomb.

The tear gas was purchased by
the company under a state permit.
Representatives of the sugar
company, informed by Healey of the
case, had representatives to trace the
bomb and indicated they will ques-
tion former employees.

Italy To Push Conquest STATE CHIEF ARRESTED IN TEXAS CITY

FORT WORTH, Tex., Oct. 28.—
UP.—William R. Shearer, who di-
appeared from California almost
simultaneously with the discovery of a
\$23,000 shortage in his accounts
was at a loss tonight to explain
his disappearance.

As a chief of the treasury depart-
ment of the State of California,
Shearer said he was responsible for
any shortage and would "take the
blame."

READY TO RETURN
Shearer readily signed an estab-
lishment waiver and declared himself
ready to accompany California au-
thorities, who are reported under-
ways to take him back to Sacra-
mento. Meanwhile, he was being
held in a jail cell on a complaint
charging him with being a fugitive
from justice.

He parried questions about his
part in the missing fund, with the
repeated declaration of "I was in
a responsible position and I am
ready to take the blame."

NOTICE SHORTAGE
"I would not protect anyone, if I
knew of anyone committing a
wrong," he said in answer to a
question. "No one higher up could
have taken the money without my
knowledge," he continued.

Shearer admitted, however, that
he could have made it his business

City Council Rejects Fire Truck Offers

No decision was reached by the
council at its meeting last evening
on the purchase of a 600-cubic
foot fire truck for the fire depart-
ment of the city.

All bids were rejected and new
offers of properties of 200, 300 and
400 cubic capacity were asked for,
the bids to be opened the evening
of November 18.

In the discussion that ensued in
connection with the proposed pur-
chase considerable animosity was
displayed.

When the matter came up for
consideration, Councilman George
F. Imbach, stated it was the recom-
mendation of the fire committee of
which he was chairman that a 600-
cubic truck be purchased. The motion
was seconded by Councilman Martin
Chandler.

Then, came the strong objection
by Councilman Otto Lindner, in
which he said he understood that
was the recommendation of the fire
committee, and that the council

28,000 Will Be Given WPA Jobs

SAN FRANCISCO, Oct. 28.—UP.—
Possibility that 28,000 persons will
be employed on the first projects
of the state WPA program by the
end of the week was said today by
Frank Y. McLaughlin, California
administrator.

Wholesale transfers of per-
sons from direct relief to WPA
security were rolling along under-
taken, McLaughlin said. During
the last three weeks 17,000 were
transferred, leaving 10,377 on di-
rect relief.

Man Uninjured In Machine Accident

Leo Mason, 573, Forty-second
street, escaped unharmed yester-
day when his automobile was al-
most completely wrecked in an ac-
cident at Wilson and Nevin avenues.

Mason's car was involved in a
collision with a machine driven by
Henry Creever, Jr., of 2612 Yuba
avenue. Mason's light coupe turned
over, Creever, whose machine was
very slightly damaged, was cited
to appear in police court for fail-
ure to have a driver's license.

No One Injured In Two Auto Accidents

Five cars were damaged but no
one was injured in two automobile
accidents reported to local police
yesterday.

Cars driven by J. S. Ryan, of Oak-
land; B. N. Edwards and Mildred
Van Der Morda, both of Richmond
collided at San Pablo and McBride
avenues. Ryan was cited to appear
for having no operator's license.

Cars driven by R. E. Gibbs, 10-7

rup, of 557 Forty-fifth street, col-
lided at Nevin and San Pablo avenues.

AFRIGS ARE PREPARING FOR BATTLE

ROME, Oct. 28.—UP.—Italy today
defied the efforts of Britain and the
League of Nations to stop her cam-
paign of military conquest in Ethio-
pia.

Celebrating the 13th anniversary
of the Fascist march on Rome—the
match which brought Benito Mus-
solini and his black shirts into
power, the nation pledged its will-
ingness to undergo any sacrifice
the League and Britain may make
necessary and to continue in an
unwavering support of Mussolini's
dream of a new Roman empire.

FEARS ARE FELT
Italian defiance, however, was
less impressive because of an ill-
concealed undertone of fear.

Officials and the man in the street
alike saw Europe headed for still
stormier times and even the Fascist
controlled press could not disguise
the disquieting nature of reports
from Paris and London.

The feeling that a new European
war, but is approaching seemed
to permeate every activity of the
day. It was evident the whole
country has abandoned hope that
Mussolini will be able to obtain
any postponement in the applica-
tion of the anti-Italian trade pen-
alties. The League is expected
to start enforcing on Thursday.

DEFENSE PREPARED
ADDIS ABABA, Oct. 28.—UP.—
Ethiopians prepared tonight with
courage and optimism to test their
primitive weapons against Italy's
war machine on two fronts.

Emperor Haile Selassie's "war
council" of foreign advisors and
high ranking Amharic, Christian
nobles informed him, the United Pres-
ident, that an Italian military of-
ficer had been killed in the fighting.

King Winter Is Moving Down On Northwest States

PORTLAND, Ore., Oct. 28.—UP.—
Pacific Northwest residents buttoned
up their overcoats tonight as the
Weather Bureau forecast snow.

A cold rain probably will turn to
snow flurries during the night and
Tuesday, weathermen said.

Seattle meanwhile got its first Oc-
tober snowfall in 42 years. Flakes
melted rapidly. A few snow flurries
fell over Portland. The Cascades re-
ceived a heavy fall, and the Coast
Range a light fall.

Federal Judge Is Recommended For Labor Post

SAN FRANCISCO, Oct. 28.—UP.—
Circuit Court Judge William Den-
man, whose name was submitted
by the International Seamen's Un-
ion, today was recommended by the
Pacific American Shipowners' As-
sociation as the seventh and final
member of a union-joint labor re-
lationship board.

The board, made up of at present
of three employers and three seamen,
is established in an effort to settle
wage and hour disputes that have
been tied up several weeks in San
Francisco harbor.

Seamen, however, returned to
work on the freighters Golden Tide
and Nebaskan Saturday and the
vessels have left port. The freighter
Nevadan was expected to sail to-
day.

more than collections of the pre-
vious fiscal year.

Prices Of Crude Oil Restored By Two Major Firms

SAN FRANCISCO, Oct. 28.—UP.—
The Shell Oil Company and Union
Oil Company today took the lead in
re-establishing crude oil prices on
a dollar-a-barrel basis.

Announcements of large price in-
creases by the two organizations
brought promise of relief to Califor-
nia oil fields from the depressing
effect of an August price slash.

Shell company officials said to-
day they were following Union Oil
company's crude oil price postings
in all fields. Union Saturday raised
its quotations an average of 55
cents a barrel—the highest price in
California in five years.

Union's advances ranged from 6
to 10 cents a barrel on 14 gravity,
to 65 and 95 cents a barrel on 30
gravity.

Similar price raises by other ma-
jor companies were expected mo-
mentarily.

WAGE SCALE EQUALITY TO BE ASKED

When the board of supervisors
and District Attorney Frances P.
Healey, backed by a large delega-
tion, return from a visit to the of-
fice of WPA Administrator Frank
McLaughlin in San Francisco next
Friday, it will become known why
wage discrimination has been
shown against the workers of this
county. It is hoped also that work-
ers will have the assurance of fair
wage treatment.

The supervisors have been waging
a fight for several months now
to bring the wage standard of Con-
tra Costa county, \$14, to a parity
with Alameda county, where the
worker receives \$55 a month for the
same class of work.

LAMSON TRIAL IS DELAYED BY NEW CHARGES

SAN JOSE, Oct. 28.—UP—All proceedings in the trial of David Lamson on wife murder charges were postponed to Saturday, Judge R. H. Seyer ruled.

His ruling ended a day of involvement and at times bitter legal combat between the defense and the prosecution in the trial of Lamson to force removal of the case to Federal court.

Friedman this morning filed a petition asking Judge Seyer to disqualify himself.

PLEA DENIED
Lamson's trial was scheduled to open today after weeks of delay. Only Saturday Federal Judge Friedman could hear the defense plea asking a temporary restraining order to prevent start of the trial in San Jose, and requesting removal of the case to Federal court.

PREJUDICE CHARGED
Prosecutor Allen P. Lindsay conceded that 10 days must elapse before Judge Seyer can file an answer to the petition, which charges him with prejudice in the case, and before State and defense attorneys can complete a conference on other possible judges for the trial.

Judge Seyer presided at Lamson's first two trials. In the first Lamson was convicted and sentenced to hang, and in the second, granted by a State Supreme Court reversal of his sentence, a jury failed to agree.

Friedman asked that Judge Seyer set a later date than November 12 for resumption of proceedings, but the judge observed a request by Lindsay that the earliest possible date be selected for re-opening of the case.

OPINION FORMED
In the petition Judge Seyer was charged with having formed an opinion that Lamson was guilty of the murder charges and asserted the judge publicly had expressed such an opinion.

The defense attorney also cited the fact that Judge Seyer had denied every defense motion, covering pleas for a change of venue and a call for a new jury panel.

Attorneys unofficially predicted that the State Judicial Council eventually would be requested to name a judge from outside Santa Clara county to hear the suit in view of probable defense objections to any available local jurists.

MISS STARK HONOREE AT SOCIAL AFFAIRS

Miss Paula Stark who will become the bride next month of Albert Driscoll was the inspiration last week for two charming social events.

On Friday evening Miss Stark and Mrs. Frances Macdonald entertained for the bride-elect at a canned goods shower at the Filmer home on San Pablo avenue. Cards formed the evening's diversion, the prize for high score going to Mr. Driscoll, the bridegroom-to-be, and consolation to Mrs. Earl Decker of Richmond. Dainty refreshments followed at the end of the card game.

On Saturday evening Monty Renee Coombs of the Alameda fire department was host at a dancing party in honor of Miss Stark and her fiancé given at 1151 Versailles street in Alameda. This affair was a Halloween party and the decorations and refreshments were carried out in the Halloween colors.

About 75 guests were present to celebrate Miss Stark and Mr. Driscoll upon their approaching marriage which will take place at 6 o'clock on Thursday evening, November 24, at the church at 2920 Ashby avenue Berkeley.

DELEGATES' DINNER NEXT SATURDAY
Mr. and Mrs. E. G. Inlay, Mr. and Mrs. D. E. James and Mr. and Mrs. E. W. Nicholson will attend the dinner to be given in Richmond next Saturday evening in honor of the delegates just returned from the Townsend convention in Chicago.

The dinner is open to all Townsend members, but is by reservation only. Any El Cerrito member of a Townsend club who wishes to attend may get in touch with Mr. Inlay for reservations which must be made not later than Thursday evening.

Mr. Inlay may be reached at the 60th real estate office. There will be a business meeting of the El Cerrito Townsend Club on Friday evening of this week at the El Cerrito schwaik hall.

FIREMEN HOLD LAST SOCIAL OF THE YEAR

The El Cerrito firemen held their last social for 1935 at the City Hall last Saturday evening. Fire Chief O. A. Burnett, Mrs. Lucy Redding, Mrs. Anne Wellman and Mrs. Otto Braskat played in luck and won prizes in the order named. Joe De Martini was awarded consolation.

Dancing followed the games, and the serving of apple pie and coffee rounded out a delightful evening. The committee putting on this party was composed of Harry Teel chairman, Al Baxter and Dale Braskat.

The big turkey feast will take the place of the regular last of the month social on November 22 and in December the firemen will put on a Christmas party for the kiddies of El Cerrito, the details for which are still to be worked out, but the chief says none of the children will be forgotten by Santa Claus this year.

Men's Club Of Wesley Church Hears Address

The newly organized men's club of the Wesley Methodist Church enjoyed a dinner meeting last evening at the church parlors and then heard an interesting address by J. Stitt Wilson, former mayor of Berkeley.

Almost 50 attended the dinner held at 6:30 and later more than 60 heard Wilson discuss the American ideal. Wilson discussed the present economic situation, tracing its cause.

The speaker was introduced by Dr. Hubert Doran, pastor of the church who acted as chairman of the evening.

A meeting of the club will be held on the evening of December 2, at which time nomination and election of officers will be held.

LOSS OF NAME AROUSES IRE OF EL CERRITO

On a motion of Mayor Hane, the council of El Cerrito on Monday passed a resolution asking the post office department to have the name of the city changed to El Cerrito.

Mayor Hane said that the present name of the city is a misnomer and that the name of the city should be changed to El Cerrito.

City Clerk Fred J. Proctor was instructed to send a copy of the resolution to Postmaster L. J. Thomas at Richmond.

All members of the council voted for the resolution with the exception of J. R. Beck, who did not vote, stating that he wanted a week to investigate before voting.

RETURNS CANNASSED
Candidates of the council of the firehouse election last Tuesday were made by the council and a resolution passed of declaring A. G. Thompson, John Corrick, Frank Amann, M. E. Gibson, John Samuels, V. L. Holbrook, M. L. Hodge, Henry Herman, Frank W. Schuler, Arthur L. Hopkins, S. E. Hudson, J. E. Garney, George McCarthey, Charles Kohnen and Fred Beck as duly elected firehouse members.

No changes were made in the total vote received by the various candidates in the council of the firehouse.

WAGE SCALE FIXED
A resolution to fix the wages of the various employees to be employed on the proposed city hall as recommended by the PWA, was passed by the council.

TO AGEND MEETING
Hane Hane of Nevada and over 20 members of the council will attend the council meeting of the League of California Municipalities to be held in Berkeley, October 29, at 6:30 P. M.

CUTTING IMPROVEMENT
Plans on the improvement of cutting boulevard will be received by the council at the next meeting on November 4.

The improvement calls for the construction of a culvert and paving the street from the western city limits east to San Pablo avenue.

MORE PHIBING
Street Commissioner W. E. Huber reported that he would increase further into the cost of cleaning the culvert between Potomac and Richmond avenues.

PLANS APPROVED
An plans and specification, having been completed for the new city hall, the council authorized Mayor Hane Hane and City Clerk Fred J. Proctor to send a communication authorizing them to the PWA for approval.

FUND CREATED
An ordinance setting up a special fund for money received from the State in case taxes passed its second reading and was adopted by the council.

ELECTION RESOLUTION
A resolution ordering a bond election held on November 22 for \$15,000 for construction of a new city hall was passed by the council.

The number of polling places has been reduced from nine to six for the election.

DAMAGE NOMINAL
Councilman Louis Novallier reported that he met with E. Teel, who had made a claim for \$75 damages to trees damaged by the grass burning crew and the claim would probably be settled for much less.

Novallier said it had been reported that the trees could have been replaced, but had found out they would only have to be trimmed.

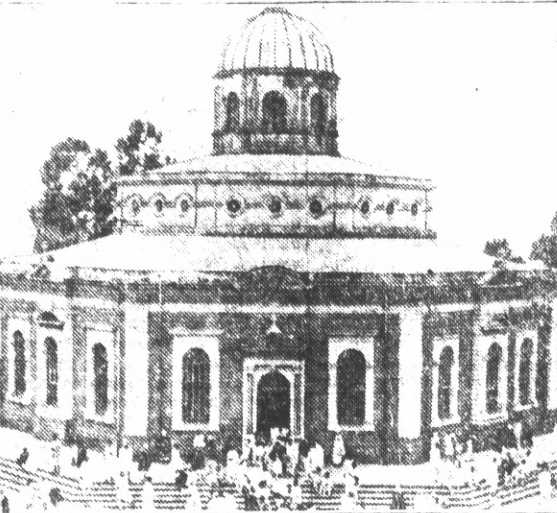

SIGN AGREEMENT
City Clerk Fred J. Proctor and Mayor Hane Hane were authorized to sign an agreement whereby C. H. Blackburn would donate a twelve foot strip of ground to the city in exchange for a ten foot path in the Terrace Drive park.

In order to dead the path the city will have to institute street closing proceedings, City Attorney T. H. De Lap informed the council.

1 PERCENT TAX ON INCOMES IN STATE URGED

SACRAMENTO, Oct. 28.—UP—A one percent sales tax on all income, personal, business and municipal, to replace present sales, income and franchise taxes, was urged today by State Controller Ray L. Riley.

Riley, who has just returned from the convention of the National Tax Association in Oklahoma City, said he believed the new tax would raise enough money to meet all state expenses.

Riley said a revised amendment to the State constitution providing for the State to collect all property taxes at 20 cents after the first one cent on each dollar, to cover the State's income tax.

Such an amendment, Riley said, would prevent the Federal government from collecting an inheritance tax in California and would tend to attract more capital to the State, Riley asserted.

An amendment to the State constitution would be required for such a system could be put into effect.

Riley reported that there is widespread opposition to California in the Middle West and East, particularly that California is taxing wealth too much, that the State is one of the least economically progressive, that the State is one of the least progressive in the Union, and that the State is one of the least progressive in the world.

Delegates to the tax association convention reported all States have difficulty with liquor enforcement methods, Riley said. There was no talk of returning to prohibition, however, the controller said.

Seven Wounded In Coal Field Battle

BIRMINGHAM, Ala., Oct. 28.—Gunshots shattered the quiet of the six weeks' old coal strike in Alabama fields today. Six union miners were wounded and a seventh was killed near a mine in St. Clair county.

The firing occurred shortly after daybreak as a caravan of union miners rolled toward the mine. Wounded miners told officers they were fired on from ambush and the road in front of their automobile was blasted by dynamite.

State Farmers Are In Favor Of AAA

BERKELEY, Oct. 28.—UP—Complete returns from 51 of the state's 52 counties tonight indicated that farmers had overwhelmingly voted for continuation of the federal crop loss program under the AAA.

Voters who had cast their ballots on the national referendum in the classification of contract signing approved the AAA program, 194 to 81.

HEEDED DOCTOR'S ADVICE
Mrs. Robert Hickey, Roseville, Calif., writes: "My doctor prescribed Kruschen Salts for me—he said they wouldn't hurt me in the least. I've lost 17 lbs. in 6 weeks. Kruschen is worth its weight in gold."

Mrs. Hickey told no attention to Kouspers who said there was no safe way to reduce. She wisely followed her doctor's advice. Why don't YOU?

Get a jar of Kruschen to-day (taste 4 weeks and costs but a trifle). Simply take half teaspoonful in cup of hot water every morning. All druggists.

MOONEY TRIAL WITNESS SAYS CASE FRAMEUP

SAN FRANCISCO, Oct. 28.—UP—An Oregon miner-rancher told today of hearing a conversation which purportedly led to Frank Mooney's entry into the Thomas Mooney bombing case and to his testimony that he saw the labor leader at the scene of the Preparedness Day explosion.

A surprise witness, overlooked apparently when the Mooney proceedings visited Oregon last week, Oliver Oscar Baisley, 65, Durko, Ore., testified in the hall of justice this afternoon that he had heard Mooney and Frank Woods, Durko station agent, conversing about the Mooney case before the trials began.

SPLIT MONEY
Baisley, owner of a 610-acre ranch, and of the Baisley Electric name, told Mooney had dictated Woods the story which the latter wrote in the Attorney Charles E. Fickert of San Francisco offer for \$2500 to produce a man who had been at the explosion scene a had seen Mooney there.

It was inferred Mooney and Woods had agreed to split the money they received from Fickert for the information.

SARCASTIC HITLED
Reference to the "split money" proceedings, to say he would stir Baisley's testimony from the record as irrelevant if the state request "Whom are we trying Mooney Frank Woods?" the referee asked.

Frank P. Walsh, chief of 4 Mooney counsel in the fight to win of habeas corpus, replied: "We are trying Frank Woods Charles Fickert, Ed Cunha (assistant district attorney at the 11th Court, mad truck driver, was moved to Tanner Hospital by mo-truckists who heard her scream."

CHAPTER I
JOHNNY ANTHONY slid off the train at Burnwood at five o'clock in the morning and, carrying a long, zippered canvas bag, started walking up the tracks toward a bright light.

In Pete's All-Night Diner, he asked larder questions as he ate a thick hamburger sandwich and drank hot black coffee.

"Where's the country club?" he asked. "Doesn't this town boast one?"

Pete grinned. He liked a good joke and it was a hot one, a pun on a rather slimy if the town had a country club.

"Stupidest old W.C. Dink Avenue," he said, adding, "Thinking of making for the season."

"Maybe," Johnny said briefly. "I was a few weeks later that Johnny met Alma Whitaker. He was standing on the knee, leaning a different lie on the math."

green, when Alma came up behind him. "Hello," she said, squinting at him through a place of spring sunshine. "You're breaking the parking limits in a few more minutes!"

"It's a racket," he grinned. "I was waiting for you. I want to show you how to run out that trick you have of looking up, instead of keeping your eyes down, when you swing."

"What's it to you?" Alma asked directly. "You're not championship stuff if you'll quit thinking golf is a gift of the gods and work a little at it. Nothing is ever free if it's worth a tin whistle!"
